## French Gilt Metal Table

Beautiful French gilt metal gueridon, circa 1940.

This unusual and highly decorative table features a circular eglomisé mirrored top.

A band of trailing foliage forms the border, whilst the centre is adorned with a large geometric foliate motif.

The top is supported over four beautifully scrolled gilt metal supports with attractive flower and ball terminals.

A very striking and glamorous interior piece.

Materials & Techniques: Mirror  
Condition: Good  
Period: 20th Cent
